Subject: FW: OU3 Field Activities Start - Friday March 9th

Michelle,
Discussions today have been taken place between Kim O'Connell and Dave Cline regarding the start date for OU3 PDI. Ramboll and Cascade will mobilize to the site and begin site activities on Friday March 9th. Due to the weather, Cascade has indicated that they could only promise that one sonic rig crew will be present at the site on Friday, but that the second crew and sonic rig would arrive as soon as possible after Friday (Saturday or Sunday). Our schedule for Friday will be the same as our previously planned first day schedule (See Attached), with drilling activities occurring on Saturday. Please contact me directly if you have any questions or comments.

Best regards,
Roy
